Admission into the College of Nursing is based on the number of available clinical positions. The minimum acceptable grade for all courses in this specified curriculum is a "C". If the number of petitions for clinical positions exceeds the number of students that can be accommodated, students will be selected on the basis of the following criteria:

- Cumulative GPA for courses completed
- Cumulative GPA for required science, social science, math, and English courses
- Number of course withdrawals and repetitions
- Grade improvement over time
- Probability of completing all lower-division requirements
- Availability of space

Admission into upper division nursing courses is very competitive. Roane State students must submit a Petition for Progression form to UT's College of Nursing Student Services Office by January 20 of their sophomore year.
